Allowable Subject Matter

2. Claims 14-21 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 14-21 were previously allowed in the Final Rejection mailed 18 March 2005, along with a statement of reasons for the indication of allowable subject matter, which is repeated in this office action. Since applicant has canceled all other pending claims, the instant application is now in condition for allowance.
4. Regarding independent claim 14, the prior art of record neither shows or suggests an organic electroluminescent display device comprising, in addition to other limitations of the claim, an organic luminescent unit having a first electrode under a first insulating layer; an organic emitting layer on both the first electrode and the first insulating layer; a second insulating layer on both the organic emitting layer and the first insulating layer; and a second electrode on the second insulating layer. Due to their dependency upon independent claim 14, claims 15-21 are also allowable.
